

# Dr J Marc Foggin

## *curriculum vitae*

<b>Full name</b>	Jonathan Marc FOGGIN
<b>In Canada</b>	202 – 1929 154 <sup>th</sup> Street South Surrey, BC V4A 4S2
<b>In Scotland</b>	The Croft, Ardgayhill, Ardgay Sutherland IV24 3DH
<b>Email</b>	<a href="mailto:marc.foggin@ucentralasia.org">marc.foggin@ucentralasia.org</a> <a href="mailto:marc.foggin@gmail.com">marc.foggin@gmail.com</a>
<b>Citizenship</b>	Canadian
<b>Date of birth</b>	06 May 1970
<b>Marital status</b>	Married, with one son
<b>Summary of qualifications</b>	BSc (First Class Honours, Biology), McGill University, 1993  PhD (Biology), Arizona State University, 2000  LEAD Fellow, 2009
<b>Areas of specialisation</b>	Conservation biology, community development, nomadic pastoralism, grassland management, Tibetan Plateau and Central Asian biodiversity, protected area management, ecosystem services, climate change adaptation

### Summary of professional experience

Nearly 20 years' experience in biodiversity conservation and community development, with primary focus on community-based initiatives in the Tibetan Plateau region of China and in Central Asian mountain areas. Acting Director of the Mountain Societies Research Institute, University of Central Asia (UCA); and Research Associate at the Institute of Asian Research, University of British Columbia (UBC). Long experience in project implementation as well as academic research in grasslands and wildlife ecology; community conservation projects; development projects focused on enhancing pastoralists' livelihoods and well-being including education, health and poverty alleviation; protected area management including community co-management; policy analysis; and capacity building across many administrative levels. Has led the work of the non-profit organization Plateau Perspectives since 1998, and has served as consultant for World Wildlife Fund (WWF), Fauna and Flora International (FFI) and United Nations Development Programme (UNDP). In 2013 served as Chief Technical Advisor for the UNDP/GEF-supported Qinghai Biodiversity Conservation Project, which seeks to strengthen the management effectiveness of the protected area system in Qinghai province, China. Previously also served as Honorary Research Fellow, Durrell Institute of Conservation and Ecology (DICE), University of Kent. Professional member of the international Society for Conservation Biology (SCB), IUCN's World Commission on Protected Areas (WCPA) and several other IUCN working groups.

### Current appointments

- Oct 17 – present      Acting Director, Mountain Societies Research Institute, University of Central Asia (and Senior Research Scientist since March 2014)
- Mountain Societies Research Institute (MSRI) addresses development challenges and opportunities in mountain societies and environments. MSRI's goal is to support and enhance the resilience and quality of life of mountain societies in Central Asia through interdisciplinary research and multi-stakeholder dialogue. See <http://ucentralasia.org/msri/>
- Nov 15 – present      Research Associate, Institute of Asian Research (IAR), University of British Columbia (UBC)

### Previous appointments

- Oct 98 – present      Founding Director, Plateau Perspectives
- Plateau Perspectives is an international non-profit organization that promotes biodiversity conservation and sustainable development in the Tibetan plateau and surrounding highlands of Central Asia. Main program areas include community health, environmental protection, basic education, income generation, and emergency disaster relief.
- Jan 15 – present      International Fellow, The Explorers Club
- The Explorers Club is an international multidisciplinary professional society dedicated to the advancement of field research and the ideal that it is vital to preserve the instinct to explore. Founded in 1904, it promotes the scientific exploration of land, sea, air, and space by supporting research in the physical, natural and biological sciences.
- Apr 15 – Sep 15      Acting Director, Mountain Societies Research Institute (MSRI), University of Central Asia
- Oct 11 – Sep 14      Honorary Research Fellow, Durrell Institute of Conservation and Ecology (DICE), University of Kent
- As the largest academic institute in the UK dedicated to conservation, DICE seeks to reduce barriers between natural and social sciences, to build capacity with a focus in biodiversity-rich developing countries.
- Jan 13 – Feb 14      Chief Technical Advisor (CTA), UNDP/GEF project "*Strengthening the effectiveness of the protected area system in Qinghai Province, China to conserve globally important biodiversity*" (US\$ 23,854,545). Project co-financed by the People's Government of Qinghai Province and implemented by the provincial Qinghai Forestry Department.
- Apr 12 – Sep 13      International Team Leader, development of full project grant proposal for UNDP project "*Strengthening the management effectiveness of the protected area landscape in Altai Mountains and Wetlands*" in Xinjiang Uyghur Autonomous Region, China.
- Jul 09 – Jun 13      Associate Professor, School of Geography & Life Sciences, Qinghai Normal University

Nov 11 – Dec 11	Community Co-management Specialist, consultant for UNDP-GEF, reporting to Regional Technical Advisor (RTA) for Ecosystems and Biodiversity for Asia and the Pacific, Environment & Sustainable Development Practice Team, UNDP Asia-Pacific Regional Centre.
May 09 – Apr 11	Foreign Expert, Tibet, China; national project, <i>Community participation in biodiversity conservation and resource management on the Tibetan plateau</i> , with Tibet Agriculture College in Bayi, Linzhi.
Apr 10 – Mar 11	Leader, <i>Yushu Earthquake Relief</i> , Plateau Perspectives' response to the devastating earthquake in Yushu on 14 April 2010.
Oct 04 - Jul 05	Consultant, Four Great Rivers Society, assisting in development of the <i>Four Great Rivers Project</i> , aiming to integrate ecosystem management and human welfare in regional development plan.
May 03 - Aug 03	Consultant, Future Generations, concept development for new training centre in Tibet Autonomous Region, China, leading to the <i>Four Great Rivers Project</i> (see above).
Sep 02 - Mar 03	Visiting Scholar, Centre for Research in Ecological & Environmental Monitoring, University of St Andrews (St Andrews, Scotland)
Jun 99 - Nov 02	Project Manager, Upper Yangtze Project, collaborative project with the Biodiversity Working Group (BWG), China Council for International Cooperation on Environment & Development (CCICED).
Apr 02	Consultant, WWF China (Tibet Program), training in conservation and wildlife monitoring for Changtang Nature Reserve staff (Nagqu, Tibet).
Apr 01 - Mar 02	Environmental Advisor, Kunde Foundation (Shannan, Tibet, China).
Sep 00 - Dec 01	Project Co-manager, 'Integrated Health Programme' of the FINNIDA-funded <i>Tibetan Literacy and Health Programme 2001-2004</i> .
Nov 01	Consultant, Fauna & Flora International (FFI), planning phase for habitat conservation and wildlife research (Zhiduo, Qinghai, China).

### Professional associations

2000 – present	Society for Conservation Biology
2005 – present	The Snow Leopard Network (SLN)
2010 – present	Indigenous and Community Conserved Areas (ICCA) Consortium
2010 – present	IUCN Comm. on Environmental, Economic & Social Policy (CEESP)
2010 – present	IUCN Strategic Direction on Governance, Communities, Equity, and Livelihood Rights in Relation to Protected Areas (TILCEPA)
2010 – present	IUCN WCPA Mountains Mountain Protected Areas Network
2014 – present	IUCN World Commission on Protected Area (WCPA)
2014 – present	Citizen Science Association

**Other selected events** (including conferences, workshops, study tours, etc.)

- Jul 2017 Paper presented at the *Third Pole Science Summit* in Kunming, China: “Achieving Sustainability through community level partnerships in the Third Pole Environment (TPE): Experiences in inclusive biodiversity conservation in the Sanjiangyuan region, Qinghai province, China.”
- Jul 2016 Invited plenary speaker at the *10<sup>th</sup> International Rangeland Congress* held in Saskatoon, Canada. Presentation: “Sustainable Rangelands, Sustainable Pastoralism in Yak-Herding Areas of the Greater Tibetan Plateau.”
- Sep 2016 Participation in *IUCN World Conservation Congress 2016: Planet at the Crossroads* in Honolulu, USA.
- Mar 2016 Participation / presentations at *Mountain Futures* in Kunming, China.
- Feb 2015 Presentation at inaugural meeting of the Citizen Science Association in San Jose, USA: “Developing partnerships, giving voice to Kyrgyz and Tibetan herders: empowerment of under-represented societies through citizen science.”
- Oct 2015 Participation in *Perth III: Mountains of Our Future Earth* in Perth, UK.
- May 2014 Participation in *Altai Forum 2014: Society, Humanity and Nature Co-Development* within the framework of the Dialogue of Civilizations, in Altai, Russia.
- Dec 12 Leader, study tour in Nepal for government and non-government delegates from Qinghai, China, with a focus on development of tourism for conservation and poverty alleviation purposes. Special emphasis on tourism in protected areas and regional multi-community projects such as the ‘Great Himalayan Trail’ initiative.
- Sep 11 Invited speaker at the Peace Research Institute in Oslo (PRIO), “Pastoralism in China: New dialogues regarding conservation and sustainable development on the Tibetan plateau, as part of the project entitled *Pastoralism in China: National Policies and Local Practices* undertaken jointly with the Chinese Academy of Social Sciences.
- Sep 11 – Oct 11 Leader, study tour in Norway, including Røros and Finnmark, with a focus on regional tourism development strategies, nature tourism and tourism in ethnic minority areas, as well as distance learning and the significance of cultural identity for Sami reindeer herders.
- Aug 11 Invited speaker and member of the conference planning committee, *International Symposium on the Human Dimensions of Ecological Conservation in the Tibetan Plateau*, held in Xining, China, 21-26 August 2011; hosted by the Qinghai Academy of Social Sciences.
- Nov 10 Convener and facilitator, *Yushu International Ecotourism Workshop*, held in Xining, China, 8-10 November 2010; co-hosted by Plateau Perspectives and Qinghai Normal University, with DICE, University of Kent, UK.

- Sep 10 Leader, study tour to Canada on environmental management and tourism development; co-hosted by Parks Canada, with participants from Qinghai Province and Tibet Autonomous Region, China.
- Mar 10 Invited participant at GEF-funded Asia Round Table for indigenous stewardship practitioners, organized by First Peoples Worldwide and held in Chiang Mai, Thailand.
- Dec 09 Lecture series on conservation and protected area management with focus on lessons learned in Qinghai Province and Canada, presented at Tibet Agriculture College in Linzhi Prefecture, Tibet, China.
- Nov 09 Organizer and presenter at two specialist workshops, on grassland conservation and management, and on ecotourism development in the Sanjiangyuan region; co-hosted by Qinghai Normal University.
- Oct 09 Applied conservation research on snow leopard, in collaboration with Sanjiangyuan National Nature Reserve; including capacity building for local herders to serve as wildlife monitors, and technical training on use of camera traps and electric fences.
- July 09 Participation at 16th World Congress of IUAES in Kunming, China. Presentation: “Can environmental goals and human development goals both be met through ‘ecological migration’? A review of the Canadian experience of resettlement and its social and development consequences.” (Forthcoming in a book to be published in China.)
- Jul 09 Co-chair and discussant on the panel *Ecological resettlement: Local participation and policy improvement*, funded by the Ford Foundation, at the 16th World Congress of IUAES in Kunming, China.
- Jul 09 Paper presented at the Society for Conservation Biology meeting held in Beijing, China: “Emerging challenges to sustainable management of natural resources when policies are not conducive to conservation or social harmony on the plateau.”
- Sep 08 Leader, study tour to the Gobi Gurbansaikhan National Park in South Gobi, Mongolia, with the NGO People-Centred Conservation (PCC).
- Feb 08 Invited speaker for inaugural seminar on environmental protection by Bistandsnemnda (Norway): “Environment and Indigenous Peoples: The experience of Plateau Perspectives in partnership with Tibetan herders.” Seminar held in Oslo, Norway, 26 February 2008.
- May 04 Plenary Speaker and Academic Committee for the *First International Conference on Environment & Development in West China*, China Association of Science & Technology (Xian, Shaanxi, China).
- Jun 01 Advisor and participant in cross-sectoral workshop organized by the CCICED Biodiversity Working Group and the Qinghai Environmental Protection Bureau (Xining, Qinghai, China).
- Aug 98 Invited Speaker at international conference, *Tibet's Biodiversity: Conservation & Management*, sponsored by WWF China and the Tibet Forest Bureau (Lhasa, Tibet, China).
